MEMORANDUM FOR THE RECORD

SUBJECT: SAS History Project

25X1A

C/SAS [REDACTED] telephoned this afternoon to observe that he had missed the 15 March deadline by which he had agreed to forward the SAS history. He said, however, that he had completed his work and the production is in the ^{//} "typewriter." Although his secretary is very busy he feels confident that we will have the paper by 19 March 1971.

Ralph:

Here's the paper as edited by [redacted] and returned for final typing. As you'll see there's not too much to be done.

Jack questions whether the 1970 date of coverage is adequately reflected in the text. He suggested that it might be more appropriate to indicate coverage from 1957-1965.

The retyping should be in accordance with the Historical Staff Style Manual ~~(copy attached)~~. The appendices should now be typed and the pages numbered consecutively and consistently following the text. The pages should not be punched and the appendices should not be tabbed.

Please return the final product to the SSHO through me together with the copy of the Style Manual.
